

YOUR PRINTABLE BRACELET SIZE GUIDE MEASURE, DETERMINE AND CHECK

FOR ACCURACY, PLEASE ENSURE THAT PDF IS PRINTED AT 100%

- 1 Using the measuring tape, measure the circumference of your wrist by fitting it right above the wrist bone or the area where you will be wearing the bracelet.

- 2 Add 0.50" to the size and match this measurement to the correlating row on our size chart below. For example, a 6.5" with the extra 0.5" will be 7" which is a small.

- 3 If you are in between two sizes, you may select the smaller size for a tighter fit or the larger size for a looser fit, depending on your preference.
